TOTALS: 23 Woody shrubs, 9 trees

Total of 32 plants

Seed disturbed areas with:
Deschampsia Hair Grass and Native Warm Season or Harmony seed mix.

Size of plants may depend on availability.

EXISTING CONDITIONS:
The wooded area of the slope to the Pond is overall well stabilized with such native and non-native plants as:

Pitch Pine
Viburnum dentatum
Virginia creeper
Burning Bush
Black Locust
Oaks
Possum Ivy
Japanese Knotweed
Clethra Chokeberry
Floralinda Rose
English Ivy

PLANTING AND MAINTENANCE:
*Container plants will be pocket planted in the existing soil, add organic soil amendments as needed.

*Temporary above ground irrigation or hand watering will be used for up to three years until the plants are established.

*Allow for periodic removal of non native plants by physical removal.

*Seeded areas to be re-seeding as needed.
